Micro Highlight #4 2019 wRVU Pathologists Productivity Study

for release – Friday, July 30, 2021

1. PNPL recently released its **2019 wRVU Pathologist Productivity Survey**.
2. We would like to acknowledge the contributions of all the participants in this year's survey, with special thanks to:
 - a. Change Healthcare
 - b. XIFIN, Inc.
 - c. Vachette Pathology
 - d. Quinsite (for their assistance in statistical analysis)
3. The 2019 Survey includes data for **1,438 pathologists**.
 - a. A prior 2018 national survey (provided by one of PNPL's panelists) included 478 participants.
 - b. This represents a **three-fold increase in participation**.
 - c. The number of groups **increased 500%** from 44 in 2018 to **230** in 2019.
4. Compared to **other national surveys** presenting data from private practice groups:
 - a. MGMA includes only 74 Pathologists
 - b. AGMA – 82 Pathologists
 - c. Sullivan Cotter – 252 Pathologists

5. At every percentile (25th, 50th, 75th and 90th), PNPL reported **productivity above the average** of all the other national studies.
6. PNPL Members may view the full report at <https://pathleaders.org/members/>. For more information, please contact PNPL at info@pathleaders.org.
